

PQRS Example One

After reviewing the 2011 PQRS measure specifications, you have determined that the eight HIV/AIDS measures are applicable to your practice. **No claims-based reporting options apply for the HIV/AIDS measures--these measures must be reported through a ["qualified registry"](#).** To be eligible for the 1.0 percent incentive payment under the registry-based reporting option of individual measures, you must report at least three of the eight [individual HIV/AIDS measures](#) in 80 percent of the applicable Medicare cases, or you must report on all applicable measures in the [HIV/AIDS measures group](#).
