August 10, 2015

The Honorable Thad Cochran  
Chairman, Senate Appropriations Committee  
113 Dirksen Senate Office Building  
Washington, DC, 20510

The Honorable Barbara Mikulski  
Vice Chairwoman, Senate Appropriations Committee  
503 Hart Senate Office Building  
Washington, DC, 20510

Dear Chairman Cochran and Vice Chairwoman Mikulski,

The undersigned organizations write to express our sincere thanks for highlighting the importance of ensuring that federally employed and contracted scientists and engineers are able to attend mission-relevant scientific and technical conferences during your recent markup of the FY 2016 Financial Services and General Government Appropriations Act on July 23, 2015.

We greatly appreciate the recognition that existing policies are reducing government scientists’ and engineers’ participation in scientific and technical conferences to the detriment of society as a whole, which benefits from innovations resulting from interactions at these conferences. As highlighted, scientists and engineers at federal agencies, labs, and research institutions currently face significant barriers to attend conferences, which have in turn driven significant increases in the administrative costs of overseeing these activities. Since the implementation of OMB Memo M-12-12, it has become clear through GAO and National Science and Technology Council reporting that existing regulations need to be revisited.

We look forward to working with you further to find a solution that provides OMB the ability to update its guidance and ensures sustained transparency and accountability in federal spending without impacting scientific progress and innovation.

Sincerely,
